Grasping infinite opportunities from the latest industry trends in Southwest China

Show review 2018
Elevated CAPAS 2018 figures demonstrate Southwest China’s automotive evolution

The fifth edition of The Chengdu International Trade Fair for Automotive Parts and Aftermarket Services (CAPAS) concluded with a resounding success on 26 May 2018, at the Chengdu Century City New International Convention and Exhibition Center in China. The show continues to grow with enhanced product offerings and international participation as exhibitor and visitor records reach new heights.

45,000 sqm exhibition area
18,016 trade visitors
583 international exhibitors
20 fringe programme events

Exhibiting countries & regions

China  France  Germany  Hong Kong  Japan
Korea  Singapore  Spain  Taiwan  the US

Participated industry leaders

“...CAPAS provides a wonderful platform for us to promote our brands and products and to meet our local customers’ needs. We have met many dealers and repair shop owners in our booth.”
Exhibitor, Mr Zhiheng Qi
Regional Sales Manager, AXOT
Enhanced product offerings to support the industry's transformation

Six theme zones deliver an efficient business matching experience

Supply Chain Procurement Zone

The zone attracted renowned parts and components manufacturers such as Johnson Controls, MAHLE, MANN+HUMMEL, NGK, Tenneco and Valeo to participate in exploring new sales channels and expanding business network with dealers from across the southwestern region such as Chengdu, Chongqing, Guizhou and Kunming, etc.

"The Southwest market is definitely our biggest priority, and CAPAS has provided a very good opportunity for us to approach it effectively."

Exhibitor, Ms Xuehua Cai
Marketing Division Advertising Department Manager, NGK
Quick Fix, Replacement Parts & Chain Stores Zone

The after-sales market continues to expand in Southwest China, with more and more diverse business models becoming available. In response to this, CAPAS attracted many well-known chain store brands to participate such as Fix Auto, GAPE China, Jingdian Auto, Tyreplus and more.

E-mobility & Infrastructure Zone

Occupying an entire hall, the zone brought together 23 new energy and connected mobility brands, including BAIC, BYD, China Telecom, Porsche, Volkswagen, Volvo and companies from Sichuan, such as Geely Auto, Raja, Shudu Bus, YEMA and Yinlong on the show floor. These exhibiting products reflect the achievements of new energy vehicles and related products and demonstrate the brands' strengths.

The Made in Sichuan Zone

The zone consisted of 12 provincial pavilions from major automotive manufacturing cities of Chengdu, Deyang, Guang’an, Guangyuan, Leshan, Luzhou, Mianyang, Nanchong, Neijiang, Suining, Yibin and Ziyang and comprised 163 companies to showcase a clear outlook of the region’s auto supply chain, from car making, auto accessories to aftermarket services.
20 fringe events covering the industry’s hottest topics

The potential of the Southwest market could be seen through a variety of perspectives at the show, including technology, markets and trends, products and solutions, which allowed both exhibitors and visitors to better understand the market segments and expand their knowledge and skills opportunities.

China New Energy Vehicle International Cooperation Conference 2018

Representatives from several leading new energy vehicle makers such as BAIC, SBCVC, SINGULATO, and more, gave keynote speeches on the topics of challenges and opportunities for traditional and new car brands, smart car technologies, innovative business models, and Western China’s opportunities for Carmakers.

Transformation and Upgrading of Automotive Service Stores in Southwest China Summit

Catering to the needs of service sector in Southwest China, this conference reported the survey findings on the region’s aftermarket development and discussed solutions for the sector’s future developments, including new retailing methods, internet plus, digital management and automobile financing.

Conference highlights

• Automotive Aftermarket Environmental Protection and Governance Summit
• Building the Centralised Body and Paint Center with Consideration of the Environment
• China Automotive Aftermarket Industry Cooperation and Service Stores Empowering Summit
• Commercial Vehicle Repair & Maintenance Equipment Alliance Technical Training Conference

“I totally agree with various operational issues related to the vehicle repair industry raised by the guest speakers. We will survive and continue to develop under the great wave of changes, as long as we upgrade the integrated service and technology in our stores. This forum is very helpful in solving my current troubles and issues.”

Conference audience, Mr Weiguo Lv
General Manager, Xichang SUJIE Automotive Technology Service Co Ltd

“This trip is very fruitful as we can learn new technologies from overseas exhibitors while also finding cost effective products from local suppliers. I have already met my potential suppliers during this visit.”

Visitor, Mr Jie Tao, Operations Director Chongqing Xijiao Auto Service Chain Co Ltd
Value added services to enhance exhibitor and visitor experience

Year-round activities in local markets
A range of activities such as meeting with associations, visiting auto parts cities and repair shops were staged throughout the year, to promote CAPAS to the local markets across western provinces and understand their needs. With this in mind, the show has been able to optimise its product offerings and services to better meet their needs.

Global promotion and invitation efforts
The show has carried out a series of extensive promotion campaigns on a global scale to reach out high-calibre buyers around the world.
